

Final Client Consultation

- Wednesday, 4/22/2026, 3:00pm
- In person in the Gaming Club Room with the President, Jack Henderson
- Summary of key points discussed including:
 - Confirmed that all important information is accounted for
 - A few visual tweaks requested, including centering text vertically on the navigation bar, div cards rounded for cleaner look, and changing the background from a static color to a gradient or image
 - Liked the database implementation for events making for easy updating of event specifications and information.
 - Photo gallery was scrapped due to not having enough pictures from club events
 - Approved of accessibility changes proposed by peer feedback (made to adhere to Google Lighthouse Audit)
- A list of changes or refinements to be made based on the discussion.
 - Fix uncentered nav bar elements
 - Add rounded corners to div elements
 - Update background to be more visually appealing
 - Accessibility changes for lighthouse audit
